

## **Parents' Bill of Rights for Data Privacy & Security**

The Brookside School is committed to protecting the privacy and security of student data and teacher and administrative data. In accordance with New York Education Law Section 2-d and its implementing regulations, We inform the school community of the following:

- A student's personally identifiable information cannot be sold or released for any commercial purposes.
- Parents have the right to inspect and review the complete contents of their child's education record.
- State and federal laws protect the confidentiality of personally identifiable information, and safeguards associated with industry standards and best practices, including but not limited to encryption, firewalls, and password protection, must be in place when data is stored or transferred.

A complete list of all student data elements collected by New York State is available for public review at the following website <https://www.nysed.gov/data-privacy-security/student-data-inventory>; or by writing to the Office of Information and Reporting Services, New York State Education Department, Room 865 EBA, 89 Washington Avenue, Albany, New York 12234.

Parents have the right to have complaints about possible breaches of student data addressed. Complaints should be submitted to the NYS Education Department at <http://www.nysed.gov/data-privacy-security/report-improper-disclosure> , by mail to: Chief Privacy Officer, New York State Education Department, 89 Washington Avenue, Albany, NY 12234; by email to [privacy@nysed.gov](mailto:privacy@nysed.gov); or by telephone at 518-474-0937. The Data Protection Officer for the Brookside School is Lynn Rafalik, Senior Director of Educational Services. Lynn can be reached at [lynn.rafalik@arcmh.org](mailto:lynn.rafalik@arcmh.org)

### **Data Security & Privacy Procedures**

The Brookside School is committed to maintaining the privacy and security of student data and teacher and administrator data and will follow all applicable laws and regulations for the handling and storage of this data in the School and when disclosing or releasing it to others including, but not limited to, third-party contractors.

The Brookside School adopts and will implement all requirements of Education Law Section 2-d and its implementing regulations, as well as to align the Schools data privacy and security practices with the National Institute for Standards and Technology Framework for Improving Critical Infrastructure Cybersecurity (Version 1.1).

### **Data Collection Transparency & Restrictions**

As part of its commitment to maintaining the privacy and security of student data and teacher and administrative data the School will take steps to minimize its collection, processing, and transmission of PII. Additionally, the School will:

- not sell PII nor use or disclose it for any marketing or commercial purpose or facilitate its use or disclosure by any other party for any marketing or commercial purpose or permit another party to do so.
- ensure that it has provisions in its contracts with third-party contractors or in separate data sharing and confidentiality agreements that require the confidentiality of shared student data or teacher or principal data be maintained in accordance with law, regulation, and School procedures.

Except as required by law or in the case of educational enrollment data the School will not report to NYSED the following student data elements:

- juvenile delinquency records;
- criminal records;
- medical and health records; and
- student biometric information.

Nothing in Education Law Section 2-d should be construed as limiting the administrative use of student data or teacher or administrative data by a person acting exclusively in the person's capacity as an employee of the School..

### **Data Privacy & Security Standards**

The Brookside School will use the National Institute for Standards and Technology Framework for Improving Critical Infrastructure Cybersecurity (Version 1.1) (Framework) as the standard for its data privacy and security program. The Framework is a risk-based approach to managing cybersecurity risk and is composed of three parts: the Framework Core, the Framework Implementation Tiers, and the Framework Profiles. The Framework provides a common taxonomy and mechanism for organizations to:

- describe their current cybersecurity posture;
- describe their target state for cybersecurity;
- identify and prioritize opportunities for improvement within the context of a continuous and repeatable process;
- assess progress toward the target state; and
- communicate among internal and external stakeholders about cybersecurity risk.

The Brookside School will protect the privacy of PII by ensuring that every use and disclosure of PII by the school benefits students and the school by considering, among other criteria, whether the use and/or disclosure will:

- improve academic achievement;
- empower parents and students with information; and/or
- advance efficient and effective school operations.
- not including PII in public reports or other public documents.

The Brookside School affords all protections under FERPA and the Individuals with Disabilities Education Act and their implementing regulations to parents or eligible students where applicable.

## **Third-Party Contractors**

### **School Responsibilities**

The Brookside School will ensure that whenever it enters into a contract or other written agreement with a third party contractor under which the third-party contractor will receive student data or teacher or administrator data from the School, the contract or written agreement will include provisions requiring that confidentiality of shared student data or teacher or administrator data be maintained in accordance with law, regulation, and School policy.

In addition, the School will ensure that the contract or written agreement includes the third-party contractor's data privacy and security plan that has been accepted by the School.

The third-party contractor's data privacy and security plan must at a minimum:

- outline how the third-party contractor will implement all state, federal, and local data privacy and security contract requirements over the life of the contract consistent with School policy;
- specify the administrative, operational, and technical safeguards and practices the third-party contractor has in place to protect PII that it will receive under the contract;
- demonstrate that the third-party contractor complies with the requirements of 8 NYCRR Section 121.3(c);
- specify how officers or employees of the third-party contractor and its assignees who have access to student data or teacher or principal data receive or will receive training on the laws governing confidentiality of this data prior to receiving access;
- specify if the third-party contractor will utilize subcontractors and how it will manage those relationships and contracts to ensure PII is protected;
- specify how the third-party contractor will manage data privacy and security incidents that implicate PII including specifying any plans to identify breaches and unauthorized disclosures and to promptly notify the School.
- describe whether, how, and when data will be returned to the School, transitioned to a successor contractor or, at the School's option and direction, deleted or destroyed by the third-party contractor when the contract is terminated or expires; and
- include a signed copy of the Parents' Bill of Rights for Data Privacy and Security.

### **Third-Party Contractor Responsibilities:**

Each third-party contractor, that enters into a contract or other written agreement with the Brookside School under which the third-party contractor will receive student data or teacher or administrator data from the Schools, is required to:

- adopt technologies, safeguards, and practices that align with the NIST Cybersecurity Framework;
- comply with school policy/procedures and Education Law Section 2-d and its implementing regulations;
- limit internal access to PII to only those employees or subcontractors that have legitimate educational interests (i.e., they need access to provide the contracted services);
- not use the PII for any purpose not explicitly authorized in its contract;
- not disclose any PII to any other party without the prior written consent of the parent or eligible student:
  - except for authorized representatives of the third-party contractor such as a subcontractor or assignee to the extent they are carrying out the contract and in compliance with law, regulation, and its contract with the School; or
  - unless required by law or court order and the third-party contractor provides a notice of the disclosure to NYSED, the Board, or the institution that provided the information no later than the time the information is disclosed unless providing notice of the disclosure is expressly prohibited by law or court order;
- maintain reasonable administrative, technical, and physical safeguards to protect the security, confidentiality, and integrity of PII in its custody;
- use encryption to protect PII in its custody while in motion or at rest; and
- not sell PII nor use or disclose it for any marketing or commercial purpose or facilitate its use or disclosure by any other party for any marketing or commercial purpose or permit another party to do so.

Where a third-party contractor engages a subcontractor to perform its contractual obligations, the data protection obligations imposed on the third-party contractor by law and contract apply to the subcontractor.

### **Right of Parents & Eligible Students to Inspect and Review Students' Education Records**

Consistent with the obligations of the School under FERPA, parents and eligible students have the right to inspect and review a student's education record by making a request directly to the Brookside School.

The School will ensure that only authorized individuals are able to inspect and review student data. To that end, the School will take steps to verify the identity of parents or eligible students who submit requests to inspect and review an education record and verify the individual's authority to do so.

Requests by a parent or eligible student for access to a student's education records must be directed to the Brookside School and not to a third-party contractor. The School may require that requests to inspect and review education records be made in writing. The School will notify parents annually of their right to request to inspect and review their child's education record including any student data stored or maintained by the

District through its annual FERPA notice. A notice separate from the School's annual FERPA notice is not required.

The School will comply with a request for access to records within a reasonable period but not more than 45 calendar days after receipt of a request.

The School may provide the records to a parent or eligible student electronically, if the parent consents. The School must transmit the PII in a way that complies with laws and regulations. Safeguards associated with industry standards and best practices including but not limited to encryption and password protection, must be in place when education records requested by a parent or eligible student are electronically transmitted.

## **Complaint Procedures for Unauthorized Disclosures**

### **Complaints of Breach or Unauthorized Release of Student Data and/or Teacher or Principal Data**

The District will inform parents, through its Parents' Bill of Rights for Data Privacy and Security, that they have the right to submit complaints about possible breaches of student data to the Chief Privacy Officer at NYSED. In addition, the District has established the following procedures for parents, eligible students, teachers, administrators, and other School staff to file complaints with the School about breaches or unauthorized releases of student data and/or teacher or principal data:

- all complaints must be submitted to the School/Agency Data Protection Officer in writing.
- upon receipt of a complaint, the School/Agency will promptly acknowledge receipt of the complaint, commence an investigation, and take the necessary precautions to protect PII.
- following the investigation of a submitted complaint, the School/Agency will provide the individual who filed the complaint with its findings. This will be completed within a reasonable period of time, but no more than 60 calendar days from the receipt of the complaint by the School/Agency.
- if the School/Agency requires additional time, or where the response may compromise security or impede a law enforcement investigation, the School/Agency will provide the individual who filed the complaint with a written explanation that includes the approximate date when the School/Agency anticipates that it will respond to the complaint.

These procedures will be disseminated to parents, eligible students, teachers, principals, and other District staff.

The School/Agency will maintain a record of all complaints of breaches or unauthorized releases of student data and their disposition in accordance with applicable data retention policies, including the Records Retention and Disposition Schedule ED-I (1988; rev. 2004).

### **Reporting a Breach or Unauthorized Release**

The Brookside School will report every discovery or report of a breach or unauthorized release of student data or teacher or administrator data to the Chief Privacy Officer without unreasonable delay but no more than ten calendar days after the discovery. Each third-party contractor that receives student data or teacher or administrator data pursuant to a contract or other written agreement entered into with the School will be required to promptly notify the School of any breach of security resulting in an unauthorized release of the data by the third-party contractor or its assignees in violation of applicable laws and regulations, the Parents' Bill of Rights for Student Data Privacy and Security, School policy, and/or binding contractual obligations relating to data privacy and security in the most expedient way possible and without unreasonable delay but no more than seven calendar days after the discovery of the breach. In the event of notification from a third-party contractor, the School will in turn notify the Chief Privacy Officer of the breach or unauthorized release of student data or teacher or principal data no more than ten calendar days after it receives the third-party contractor's notification using a form or format prescribed by NYSED.

#### **Investigation of Reports of Breach or Unauthorized Release by the Chief Privacy Officer**

The Chief Privacy Officer is required to investigate reports of breaches or unauthorized releases of student data or teacher or administrative data by third-party contractors. As part of an investigation, the Chief Privacy Officer may require that the parties submit documentation, provide testimony, and may visit, examine, and/or inspect the third-party contractor's facilities and records.

If criminal conduct is suspected in the case of a breach or unauthorized release, the Chief Privacy Officer is required to report the breach and unauthorized release to law enforcement in the most expedient way possible and without unreasonable delay.

Third-party contractors are required to cooperate with the Brookside School and law enforcement to protect the integrity of investigations into the breach or unauthorized release of PII.

Upon conclusion of an investigation, if the Chief Privacy Officer determines that a third-party contractor has through its actions or omissions caused student data or teacher or administrative data to be breached or released to any person or entity not authorized by law to receive this data in violation of applicable laws and regulations, School policy, and/or any binding contractual obligations, the Chief Privacy Officer is required to notify the third-party contractor of the finding and give the third-party contractor no more than 30 days to submit a written response.

If after reviewing the third-party contractor's written response, the Chief Privacy Officer determines the incident to be a violation of Education Law Section 2-d, the Chief Privacy Officer will be authorized to:

- order the third-party contractor be precluded from accessing PII from the affected educational agency for a fixed period of up to five years;
- order that a third-party contractor or assignee who knowingly or recklessly allowed for the breach or unauthorized release of student data or teacher or principal data be precluded from accessing student data or teacher or administrative data from any educational agency in the state for a fixed period of up to five years;

- order that a third-party contractor who knowingly or recklessly allowed for the breach or unauthorized release of student data or teacher or principal data will not be deemed a responsible bidder or offeror on any contract with an educational agency that involves the sharing of student data or teacher or administrative data, as applicable for purposes of General Municipal Law Section 103 or State Finance Law Section 163(10)(c), as applicable, for a fixed period of up to five years; and/or
- require the third-party contractor to provide additional training governing confidentiality of student data and/or teacher or administrative data to all its officers and employees with reasonable access to this data and certify that the training has been performed at the contractor's expense. This additional training is required to be performed immediately and include a review of laws, rules, and regulations, including Education Law Section 2-d and its implementing regulations.

If the Chief Privacy Officer determines that the breach or unauthorized release of student data or teacher or administrative data on the part of the third-party contractor or assignee was inadvertent and done without intent, knowledge, recklessness, or gross negligence, the Chief Privacy Officer may make a recommendation to the Commissioner that no penalty be issued to the third-party contractor. The Commissioner would then make a final determination as to whether the breach or unauthorized release was inadvertent and done without intent, knowledge, recklessness or gross negligence and whether or not a penalty should be issued.

### **Notification of a Breach or Unauthorized Release**

The School will notify affected parents, eligible students, teachers, and/or administrators in the most expedient way possible and without unreasonable delay, but no more than 60 calendar days after the discovery of a breach or unauthorized release of PII by the School or the receipt of a notification of a breach or unauthorized release of PII from a third-party contractor unless that notification would interfere with an ongoing investigation by law enforcement or cause further disclosure of PII by disclosing an unfixed security vulnerability. Where notification is delayed under these circumstances, the School will notify parents, eligible students, teachers, and/or principals within seven calendar days after the security vulnerability has been remedied or the risk of interference with the law enforcement investigation ends.

Notifications will be clear, concise, use language that is plain and easy to understand, and to the extent available, include:

- a brief description of the breach or unauthorized release, the dates of the incident and the date of discovery, if known;
- a description of the types of PII affected;
- an estimate of the number of records affected;
- a brief description of the School's investigation or plan to investigate; and
- contact information for representatives who can assist parents or eligible students that have additional questions.

Notification will be directly provided to the affected parent, eligible student, teacher, or administrator by first-class mail to their last known address, by email, or by telephone. Where a breach or unauthorized release is attributed to a third-party contractor the third-party contractor is required to pay for or promptly reimburse the School for the full cost of this notification.

## **Protection of Pupil Rights (PPRA)**

PPRA outlines rights regarding surveys, the use of information for marketing purposes, and physical exams.

[Learn more about the Protection of Pupil Rights \(PPRA\).](#)

## **Appendix**

### **Supplemental Information Regarding Third-Party Contractors:**

In the course of complying with its obligations under the law and providing educational services to School District residents, the Brookside School has entered into agreements with certain third-party contractors. Pursuant to these agreements, third-party contractors may have access to “student data” and/or “teacher or administrator data,” as those terms are defined by law and regulation.

For each contract or other written agreement that the School enters into with a third-party contractor where the third-party contractor receives student data or teacher or principal data from the School, the following supplemental information will be included with this Bill of Rights:

1. The exclusive purposes for which the student data or teacher or administrator data will be used by the third party contractor, as defined in the contract;
2. How the third-party contractor will ensure that the subcontractors, or other authorized persons or entities to whom the third-party contractor will disclose the student data or teacher or administrator data, if any, will abide by all applicable data protection and security requirements, including but not limited to those outlined in applicable laws and regulations (e.g., FERPA; Education Law Section 2-d);
3. The duration of the contract, including the contract’s expiration date, and a description of what will happen to the student data or teacher or administrator data upon expiration of the contract or other written agreement (e.g., whether, when, and in what format it will be returned to the School, and/or whether, when, and how the data will be destroyed);
4. If and how a parent, student, eligible student, teacher, or administrator may challenge the accuracy of the student data or teacher or administrator data that is collected;
5. Where the student data or teacher or administrator data will be stored, described in a manner as to protect data security, and the security protections taken to

- ensure the data will be protected and data privacy and security risks mitigated;  
and
6. Address how the data will be protected using encryption while in motion and at rest.

## Definitions

As provided in Education Law Section 2-d and/or its implementing regulations the following terms, as used in this policy will mean:

- **“Breach”** means the unauthorized acquisition, access, use, or disclosure of student data and/or teacher or principal data by or to a person not authorized to acquire, access, use, or receive the student data and/or teacher or administrator data.
- **“Commercial or marketing purpose”** means the sale of student data; or its use or disclosure for purposes of receiving remuneration, whether directly or indirectly; the use of student data for advertising purposes, or to develop, improve, or market products or services to students.
- **“Contract or other written agreement”** means a binding agreement between an educational agency and a third-party, which includes, but is not limited to, an agreement created in electronic form and signed with an electronic or digital signature or a click-wrap agreement that is used with software licenses, downloaded, and/or online applications and transactions for educational technologies and other technologies in which a user must agree to terms and conditions prior to using the product or service.
- **“Disclose” or “disclosure”** means to permit access to, or the release, transfer, or other communication of personally identifiable information by any means, including oral, written, or electronic, whether intended or unintended.
- **“Education records”** means an education record as defined in the Family Educational Rights and Privacy Act and its implementing regulations, 20 USC Section 1232g and 34 CFR Part 99, respectively.
- **“Educational agency”** means a school district or school, or the New York State Education Department (NYSED).
- **“Eligible student”** means a student who is eighteen years or older.
- **“Encryption”** means methods of rendering personally identifiable information unusable, unreadable, or indecipherable to unauthorized persons through the use of a technology or methodology specified or permitted by the Secretary of the United States Department of Health and Human Services in guidance issued under 42 USC Section 17932(h)(2).
- **“FERPA”** means the Family Educational Rights and Privacy Act and its implementing regulations, 20 USC Section 1232g and 34 CFR Part 99, respectively.
- **“NIST Cybersecurity Framework”** means the U.S. Department of Commerce National Institute for Standards and Technology Framework for Improving Critical

Infrastructure Cybersecurity (Version 1.1). A copy of the NIST Cybersecurity Framework is available at the Office of Counsel, State Education Department, State Education Building, Room 148, 89 Washington Avenue, Albany, New York 12234.

- **“Parent”** means a parent, legal guardian, or person in parental relation to a student.
- **“Personally identifiable information (PII),”** as applied to student data, means personally identifiable information as defined in 34 CFR Section 99.3 implementing the Family Educational Rights and Privacy Act, 20 USC Section 1232g, and, as applied to teacher or principal data, means personally identifying information as this term is defined in Education Law Section 3012- c(10).
- **“Release”** has the same meaning as disclosure or disclose.
- **“Student”** means any person attending or seeking to enroll in an educational agency.
- **“Student data”** means personally identifiable information from the student records of an educational agency.
- **“Third-party contractor”** means any person or entity, other than an educational agency, that receives student data or teacher or principal data from an educational agency pursuant to a contract or other written agreement for purposes of providing services to the educational agency, including but not limited to data management or storage services, conducting studies for or on behalf of the educational agency, or audit or evaluation of publicly funded programs. This term will include an educational partnership organization that receives student and/or teacher or administrator data from a school to carry out its responsibilities pursuant to Education Law Section 211-e and is not an educational agency, and a not-for-profit corporation or other nonprofit organization, other than an educational agency.
- **“Unauthorized disclosure”** or **“unauthorized release”** means any disclosure or release not permitted by federal or state statute or regulation, any lawful contract or written agreement, or that does not respond to a lawful order of a court or tribunal or other lawful order.

## **DATA PROTECTION OFFICER (SEPARATE BOX)**

The School/Agency has designated an employee to serve as the District’s Data Protection Officer.

The Data Protection Officer is responsible for the implementation and oversight of this area and any related procedures including those required by Education Law Section 2-d and its implementing regulations as well as serving as the main point of contact for data privacy and security for the School/Agency..

The School/Agency will ensure that the Data Protection Officer has the appropriate knowledge, training, and experience to administer these functions. The Data Protection Officer may perform these functions in addition to other job responsibilities.

The Data Protection Officer for the School/Agency is Lynn Rafalik, Senior Director of Educational Services @ [lynn.rafalik@arcmh.org](mailto:lynn.rafalik@arcmh.org)

### **ANNUAL DATA PRIVACY & SECURITY TRAINING (SEPERATE BOX)**

The District will annually provide data privacy and security awareness training to its officers and staff with access to PII. This training will include, but not be limited to, training on the applicable laws and regulations that protect PII and how staff can comply with these laws and regulations. The District may deliver this training using online training tools. Additionally, this training may be included as part of the training that the District already offers to its workforce.

The District will publish this policy on its website and provide notice of the policy to all its officers and staff.

***Education Law § 2-d 8 NYCRR Part 121***
